

TOLSA environmental significant aspects communication

To comply with ISO 14001:2015 standard. TOLSA communicates to its relevant stakeholders the environmental aspects */** identified and classified as significant in the organization.

ENVIRONMENTAL ASPECT	ASSOCIATED IMPACT
Raw materials and fuel consumption	Resource depletion
Waste generation	Soil contamination
Atmospheric emissions	Atmospheric contamination
Immission of particles	Atmospheric contamination
Plastic consumption	Resource depletion and solid contamination

TOLSA declares its commitment to protect the environment. For that, the organization defines objectives and politics to reduce as far as possible the negative environmental impacts derived from its activity.
